

Give the formula for a hydrogen ion.

Primrose Kitten – YouTube Tutorials for Science and Maths

Q-1

Give the formula for a lithium ion.

Primrose Kitten – YouTube Tutorials for Science and Maths

Q-2

Give the formula for a sodium ion.

Primrose Kitten – YouTube Tutorials for Science and Maths

Q-3

Give the formula for a potassium ion.

Primrose Kitten – YouTube Tutorials for Science and Maths

Q-4

Give the formula for a copper (I) ion.

Primrose Kitten – YouTube Tutorials for Science and Maths

Q-5

Give the formula for a silver ion.

Primrose Kitten – YouTube Tutorials for Science and Maths

Q-6

A-2

Primrose Kitten – YouTube Tutorials for Science and Maths

A-1

Primrose Kitten – YouTube Tutorials for Science and Maths

A-4

Primrose Kitten – YouTube Tutorials for Science and Maths

A-3

Primrose Kitten – YouTube Tutorials for Science and Maths

A-6

Primrose Kitten – YouTube Tutorials for Science and Maths

A-5

Primrose Kitten – YouTube Tutorials for Science and Maths

Give the formula for  
an ammonium ion.

Q-7

Primrose Kitten – YouTube Tutorials for Science and Maths

Give the formula for  
a magnesium ion.

Q-8

Primrose Kitten – YouTube Tutorials for Science and Maths

Give the formula for  
a barium ion.

Q-9

Primrose Kitten – YouTube Tutorials for Science and Maths

Give the formula for  
a strontium ion.

Q-10

Primrose Kitten – YouTube Tutorials for Science and Maths

Give the formula for  
a calcium ion.

Q-11

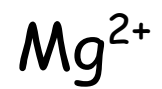

Primrose Kitten – YouTube Tutorials for Science and Maths

Give the formula for  
an iron (II) ion.

Q-12

Primrose Kitten – YouTube Tutorials for Science and Maths

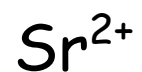

A-8

Primrose Kitten – YouTube Tutorials for Science and Maths

A-7

Primrose Kitten – YouTube Tutorials for Science and Maths

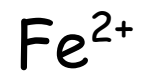

A-10

Primrose Kitten – YouTube Tutorials for Science and Maths

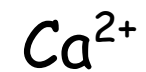

A-9

Primrose Kitten – YouTube Tutorials for Science and Maths

A-12

Primrose Kitten – YouTube Tutorials for Science and Maths

A-11

Primrose Kitten – YouTube Tutorials for Science and Maths

Give the formula for a copper (II) ion.

Primrose Kitten – YouTube Tutorials for Science and Maths

Q-13

Give the formula for a nickel (II) ion.

Primrose Kitten – YouTube Tutorials for Science and Maths

Q-14

Give the formula for a zinc ion.

Primrose Kitten – YouTube Tutorials for Science and Maths

Q-15

Give the formula for a tin (II) ion.

Primrose Kitten – YouTube Tutorials for Science and Maths

Q-16

Give the formula for a lead (II) ion.

Primrose Kitten – YouTube Tutorials for Science and Maths

Q-17

Give the formula for a chromium ion.

Primrose Kitten – YouTube Tutorials for Science and Maths

Q-18

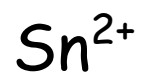

A-14

Primrose Kitten – YouTube Tutorials for Science and Maths

A-13

Primrose Kitten – YouTube Tutorials for Science and Maths

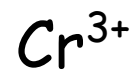

A-16

Primrose Kitten – YouTube Tutorials for Science and Maths

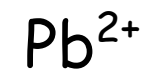

A-15

Primrose Kitten – YouTube Tutorials for Science and Maths

A-18

Primrose Kitten – YouTube Tutorials for Science and Maths

A-17

Primrose Kitten – YouTube Tutorials for Science and Maths

Give the formula for  
an iron (III) ion.

Q-19

Primrose Kitten – YouTube Tutorials for Science and Maths

Give the formula for  
an aluminium ion.

Q-20

Primrose Kitten – YouTube Tutorials for Science and Maths

Give the formula for  
a fluoride ion.

Q-21

Primrose Kitten – YouTube Tutorials for Science and Maths

Give the formula for  
a chloride ion.

Q-22

Primrose Kitten – YouTube Tutorials for Science and Maths

Give the formula for  
a bromide ion.

Q-23

Primrose Kitten – YouTube Tutorials for Science and Maths

Give the formula for  
an iodide ion.

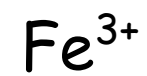

Q-24

Primrose Kitten – YouTube Tutorials for Science and Maths

Primrose Kitten – YouTube Tutorials for Science and Maths

A-20

Primrose Kitten – YouTube Tutorials for Science and Maths

A-19

Primrose Kitten – YouTube Tutorials for Science and Maths

A-22

Primrose Kitten – YouTube Tutorials for Science and Maths

A-21

Primrose Kitten – YouTube Tutorials for Science and Maths

A-24

Primrose Kitten – YouTube Tutorials for Science and Maths

A-23

Give the formula for a hydroxide ion.

Primrose Kitten – YouTube Tutorials for Science and Maths

Q-1

Give the formula for a nitrate ion.

Primrose Kitten – YouTube Tutorials for Science and Maths

Q-2

Give the formula for a nitrite ion.

Primrose Kitten – YouTube Tutorials for Science and Maths

Q-3

Give the formula for a hydrogencarbonate ion.

Primrose Kitten – YouTube Tutorials for Science and Maths

Q-4

Give the formula for a hydrogensulfate ion.

Primrose Kitten – YouTube Tutorials for Science and Maths

Q-5

Give the formula for a sulfate ion.

Primrose Kitten – YouTube Tutorials for Science and Maths

Q-6

A-2

Primrose Kitten – YouTube Tutorials for Science and Maths

A-1

Primrose Kitten – YouTube Tutorials for Science and Maths

A-4

Primrose Kitten – YouTube Tutorials for Science and Maths

A-3

Primrose Kitten – YouTube Tutorials for Science and Maths

A-6

Primrose Kitten – YouTube Tutorials for Science and Maths

A-5

Primrose Kitten – YouTube Tutorials for Science and Maths

Give the formula for  
a carbonate ion.

Q-7

Primrose Kitten – YouTube Tutorials for Science and Maths

Give the formula for  
a sulfide ion.

Q-8

Primrose Kitten – YouTube Tutorials for Science and Maths

Give the formula for  
an oxide ion.

Q-9

Primrose Kitten – YouTube Tutorials for Science and Maths

Give the formula for  
a nitride ion.

Q-10

Primrose Kitten – YouTube Tutorials for Science and Maths

Give the formula for  
a phosphate ion.

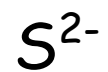

Q-11

Primrose Kitten – YouTube Tutorials for Science and Maths

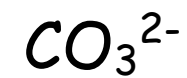

Primrose Kitten – YouTube Tutorials for Science and Maths

Q-12

A-8

Primrose Kitten – YouTube Tutorials for Science and Maths

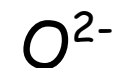

A-7

Primrose Kitten – YouTube Tutorials for Science and Maths

A-10

Primrose Kitten – YouTube Tutorials for Science and Maths
